HMAG PRO HYDRAULIC MAGNET

WHAT IS A HYDRAULIC MAGNET?

DYNASET HMAG PRO Hydraulic Magnet converts the hydraulic power of a mobile machine into magnet power. It has an integrated hydraulic magnet generator which makes it a complete all-in-one unit.

BENEFITS

- World's best demagnetizing time
- Fast to connect to a machine
- Easy to connect hydraulic auxiliary line
- Easy switch from a machine to another
- Fully controlled by hydraulics

FEATURES

- Demagnetizing time 0.8 of a second
- Integrated magnet generator
- Robust steel cover
- Available with quick attachment
- Available with claws

APPLICATIONS

- Collecting metal
- Recycling, demolition, construction
- Ferrous material handling
- Loading trucks, trains and vessels
- Railway and roadside cleaning

MACHINERY

- Excavators
- Material Handlers
- Compact Loaders
- Trucks, Concrete Trucks & Mobile Cranes

OUTPUT CHARACTERISTICS
